

DriverFilesHub

Driver Qualification & Fleet Compliance Platform | Features at a glance

What it does: DriverFilesHub helps trucking companies hire drivers online, keep every driver, truck and trailer document in one place, and stay **always audit-ready** (FMCSA / DOT). The system warns you before any document expires.

1 Who uses it

Super Admin

Platform owner

Manages all companies, subscription plans, payments, roles & site settings.

Company (Carrier)

Your customer

Hires drivers, manages its fleet, tracks compliance, pays a subscription.

Driver Applicant

No login needed

Applies online from the company's own link, verified by SMS code.

2 Key features

1 Online Driver Application

Each company gets its own apply link. 10-step guided form, SMS (OTP) phone verification, save & resume later, check status, withdraw.

2 Driver Hiring & DQ Files

Review applicants, then Hire or Reject with one click. Driver gets an automatic email. Complete Driver Qualification File per driver.

3 Compliance Dashboard

Green / Yellow / Red status for every driver, vehicle and trailer. See missing, expiring (within 30 days) and expired documents instantly.

4 Document Management

Upload, view, download and replace documents with issue & expiry dates. Document types (MVR, PSP, Drug Test, W-9, etc.) are configurable.

5 Fleet Management

Vehicles, trailers, vehicle groups, asset groups, vehicle / equipment / fuel types, with their own compliance documents.

6 Maintenance & Service Logs

Plan maintenance schedules, mark them complete, and keep service logs with attached receipts for each vehicle.

7 Automatic Reminders

Daily email digest to drivers with document problems. One-click reminder to a driver or vehicle owner. Subscription expiry alerts.

8 Subscriptions & Billing

14-day free trial, monthly / yearly plans, secure Stripe card payment, self-service billing portal, cancel / resume.

9 Security & Admin Tools

Roles & permissions, email verification, two-factor login (2FA), user suspend, site branding settings and live chat (Tawk.to).
